- Tips on Crowdfunding from Mobile Cause Webinar: Crowdfunding for Everyday Fundraisers
 - Create a sense of urgency
 - Tell your story with passion
 - Engage fundraisers and donors with videos and photos
 - Make it as easy as possible for donors to give
 - Make it as easy as possible for supporters to share with their networks

- Crowdfunding campaigns should be
 - Narrow in scope (300-500 word description)
 - Short timeframe with a fixed duration (6-9 weeks)
 - Target a specific audience that will resonate with the campaign
 - Quantifiable in impact (what reaching the fundraising goal will accomplish)
 - Not ran on multiple crowdfunding platforms at the same time

We wish you and your pet the best of luck!
